

ZAHRA VAFADAR NIKJOO

MASTER DATA SCIENCE & SOCIETY

Master's student in Data Science & Society with strong focus on Business Intelligence, data warehousing, and Power BI reporting. Experienced in designing OLTP and star-schema models, building ETL pipelines (Pentaho), and developing SQL-based analytical reports to support data-driven decision-making. Motivated to apply BI solutions in client-oriented environments and translate complex data into actionable business insights.

Education

MA Data Science and Society Tilburg University

Aug 2025

Courses in:

- Programming for Data Science (R & Python)
- Statistics and Methodology
- Data Mining /Machine Learning
- Business Intelligence

2024 - 2025

PM Data Science and Society Tilburg University

Courses in:

- Python Programming & Algorithmic thinking(10/10)
- Statistics with R,
- Introduction to AI, Research seminar & Mathematic

2010 - 2014

BA Industrial Management Guilan University

Courses in:

- Statistics & Data Analysis
- Financial Accounting
- Research Methods

Tools & Software

- **Data Analysis:** R (Tidyverse), SPSS (basic knowledge), Excel(advanced formulas, pivot tables, dashboards)
- **Programming & Visualization:** Python, Power BI (Power Query), SQL
- **Version Control:** GitHub

Skills

- Analytical
- Teamwork
- problem-solving
- Communication Skills
- Adaptability

Projects

Business Intelligence & Data Warehouse Design

Academic Group Project – 2025

- Performed data validation and reconciliation checks
- Worked with multi-source structured datasets
- Designed OLTP and star-schema models for analytical reporting
- Built ETL pipelines using Pentaho to transform operational data
- Created SQL views and BI reports to support data-driven decision-making
- Developed dashboards to monitor utilization, revenue and behavioral trends

Customer Churn Analysis – Power BI Data Camp

Data camp Case study – 2026

- Built churn classification model using Power BI and DAX
- Calculated churn KPIs and segmented customers
- Developed dashboards translating insights into retention strategies

Prediction Occupancy Rate –Business Analytics Project

Masters Academic Project –2025

- Cleaned and structured raw datasets prior to modelling
- Performed feature engineering and handled incomplete data
- Applied machine learning models (LightGBM, XGBoost) for demand forecasting
- Evaluated model performance using cross-validation (MAE metric)
- Utilized AI-assisted tools to enhance data cleaning, query refinement, and reporting workflows

Master's thesis(Ongoing) Predicting Modern Slavery Risk in Corporate Statements – NLP Approach

Masters Academic Thesis Project – present

- Comparing classical ML (SVM, Random Forest, XGBoost, MLP) and transformer-based models (DistilBERT)
- Implementing sentence-level training with document-level aggregation
- Evaluating model performance using F1-score under class imbalance
- Working with large-scale annotated NLP dataset (800k+ labeled sentences)

Personal Interests

- Swimming
- Cycling
- Baking
- Gardening

Language

- English | professional
- German | Intermediate
- Dutch | Basic

Professional Experience

Sales Assistant

May 2025 – present

Primark. Part-time

- Assisted customers with purchases and provided friendly service
- Maintained displays and kept stock organized and replenished
- Supported team operations with enthusiasm, adaptability, and strong communication skills

Financial Accountant Assistant

2019 – 2021

Rezvan Lahijan Carton Packaging Ind. Co. · Full-time

- Financial Reporting & Accounting
- Accounts Management & Transactions
- Tax Compliance & Regulatory Reporting
- Financial Planning & Analysis

Accountant

2018 – 2019

SANA SPORT · Full-time

- Accounting System Implementation & Financial Management
- Financial Transactions & Reporting
- Financial Analysis & Process Improvement

Financial Accountant Assistant

2017 – 2018

Private Tax consultant Office · Internship

- Developed a foundational understanding of financial principles and data management

Swimming Instructor – Lifeguard

Absar Aquatic Complex. Part-time

2022 – 2023

Roohbakhsh Pool · Part-time

2015 – 2017

Kosar Pool · Part-time

2012 – 2013

Extracurricular Activities

- Community Engagement Volunteer, Ontmoet Cultuur, Tilburg 2025
- Volunteered Certified artistic Swimming Tournament referee, Rasht 2017
- Organized darts competition in Literature & Humanities School, University of Guilan 2013
- Assisting in organizing beach lifesaving competitions, Rasht 2012
- Volunteered Certified Swimming Tournament referee board, Rasht 2011 & 2013
